- Social Impact Design
- Sustainability Design
- Urban Planning
- Rural Development,

PROFILE

Creating in the present, inspired by the past – I design for a better future. I'm a designer studying at Stanford University with roots in agriculture, where my upbringing fostered a deep appreciation for the interconnected systems that sustain our world. I'm driven by a mission to uncover relationships -- from the largest ecological networks to the smallest human interactions, I design ways to strengthen and improve them.

WORK EXPERIENCE

- Forbes Marshall | Pune, Maharashtra, India** 2025
Design Intern
 - Collaborated across departments — from interns to C-suite executives — to redesign the company's sustainability narrative.
 - Developed a visual systems model and accompanying digital video to communicate the company's environmental role and long-term vision for sustainable industry.
- CSR Community Centre | Kasarwadi, Maharashtra, India** 2025
Brand Consultant
 - Partnered with a women-led rural startup to envision and build their fashion brand around recycled materials.
 - Designed a brand identity booklet and website
 - Led creative workshops
 - Established a roadmap for growth from a local enterprise to a global presence.
- Sustainability Consultation | Maharashtra, India** 2025
Sustainability Consultant
 - Led workshops in rural communities across Pune, Maharashtra.
 - Facilitated discussions on local agricultural, environmental, economic, and cultural issues.
 - Taught design-thinking methods to support community problem-solving.
- Vine Ray Farms | Davis, Ca** 2018-2022
Creator and Designer
 - Founded and operated a community-supported agriculture program providing sustainably grown produce from horse-powered Vine Ray Farms
 - Oversaw business management, branding, and design to build a model rooted in ecological stewardship and local resilience.
- Freelance Design | Remote** 2017-Present
Founder & Designer
 - Designed websites, branding packages, and merchandise for a range of clients
 - Emphasized visual coherence and strategic storytelling through typography, color, and layout
